COMMENTS

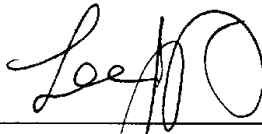

Okie Broadcasting ("Okie"), by its counsel, hereby expresses its support of the Petition for Rule Making filed by Charles Crawford ("Petition") on March 29, 2004, to allot Channel 251A at Maysville, Oklahoma. Petitioner demonstrated in its Petition for Rule Making that the public interest would be served by allotting Channel 251A at Maysville, as that community's first local service. As noted in the Petition, Maysville is an incorporated town and deserves its own broadcast facility. A channel study attached to the Petition for Rule Making confirms that Channel 251A can be allotted to Maysville in compliance with the Commission's mileage separation rules and that the proposal is otherwise consistent with the Commission's technical rules and policies.

Okie states that should the Commission grant the Maysville Petition for Rule Making and allot Channel 251A to Maysville, Okie will file an application for the Channel 251A allotment and, after its application is granted, will promptly construct its new facility.

In view of the above, Okie strongly supports the proposal to allot Channel 251A to the community of Maysville, Oklahoma as that community's first local aural service.

Respectfully submitted,

OKIE BROADCASTING
